### Pre-licensing Course

Each chapter contains HighDef intro & summary videos, as well as succinct reading material

After all chapters are complete, take the course's final exam

### Prep Review Course

This review course will go over every key concept & question in each chapter that will be on the state licensing exam

### State Exam Simulator

These full-length practice tests will simulate the state licensing exam to help get into test day mode

### Cliff Notes

Downloadable/printable version of the review course

Located above Chapter 1 in the "Resource" tab
